

SURVEY PARTY CHIEF

Objective:

Seeking an experienced Survey Party Chief, primarily to work on construction sites.

Responsibilities and Duties:

Must be able to stake out grades, utilities, buildings, walls, curb, etc. necessary in a typical development. As a Survey Party Chief, you will be responsible for directing, training and supervising a two person survey field crew. You will direct all phases of work for a field survey crew in determining exact location and measurements of control points, elevation, lines and areas to secure data used for construction and utility as-builts. Our Survey Party Chiefs perform survey calculations by computing grades and pipe slopes.

Qualifications:

- 5+ years of surveying experience including; Boundary, ALTA/NSPS Surveys, Topographic/Tree Surveys, and Construction Staking
- Construction background
- Strong work ethic
- Good verbal and written communication skills
- Excellent driving record
- A working knowledge of Total Stations, Levels, GPS/Robotics and Carlson Data Collector is preferred

Compensation

Hourly based on experience.
